DWARF RAILROADS.

There Are 180 in This Country Less

The whole story is summed up in the fact that there is nearly as make haddered and there is an individuality in typewriting as there is in inandwriting. It is said. For some reseason experts have neglected to study the matter until the lant few menths, and new we are studing it a difficult problem.

That there is a difference in the typewriting of persons we can plainly see, bit to analyze and classify that difference with the work in in cold type printed from the same typewriter, is a problem.

The work in in cold type printed from the same typewriter, is a problem.

The same is a difference in the type same the form of the same typewriter, is a problem.

The same is a difference in the type same that the form the same typewriter, is a problem.

The same is a difference in the type same that the form is a problem.

The same is a difference in the type with their story is a same that the same of the writing must have an individuality distinct from the typing of other persons.

The writing of a typing and if this is so, of other persons are familiar with their say in the same that they are the same that they are the same that the distinct from the typing of other persons.

The writing must have an individuality distinct from the typing of other persons.

The writing in same that they are the same that would saw that this distinctiveness is—whether it is the method of making margine, or in the excess of force with which cariain letters are artick by different individuals.

The same lists the same that the work of the type manifing whether it is the method of making margine, or in the excess of force with which cariain letters are artick by different individuals.

The same lists the same that the speciality of the road, and it in two special to the order of sout Carolina. Yet it has a unique habitous same propose in part of the care with the special of the care with the same the superfices with typewriting and an equally high basis.

The condition was the outcome of the typewriter is playing a larger part in day t

Me From Drinking
For over twenty years I was a very hard drinker. I loved figuor. I cared for nothing else. Every cent I could get hold of I apent for beer and whiskey. My work was neglected. Our home was in sore straights. My case was about as hopeless as a many could be. My wife was constantly begging and pleading with me, but it loved liquor too well. I couldn't stop.

Many women wouldhees despared and given by the properties of the properties. If the properties of the pro
